

VEILLE SCIENTIFIQUE DU CRI-VIFF SUR LA VIOLENCE CONJUGALE

Le dix-septième numéro de la veille scientifique mensuelle du CRI-VIFF

Le Centre de recherche interdisciplinaire sur la violence familiale et la violence faite aux femmes (CRI-VIFF) publie une veille scientifique sur une base mensuelle afin de fournir aux principaux acteurs-rices (chercheurs-es, intervenants-es, étudiants-es, décideurs-es politiques) impliqués dans la lutte contre la violence conjugale, l'accès aux plus récentes connaissances théoriques, méthodologiques et pratiques qui les accompagneront dans leurs réflexions et dans leurs pratiques.

Cette veille scientifique réunit les publications du dernier mois sur les différentes dimensions de la violence conjugale. Ces publications sont de nature multiple : écrits scientifiques, littérature grise, articles de journaux, rapports ou fiches synthèses du CRI-VIFF et autres événements pertinents.

Nous vous souhaitons une bonne lecture !
